

**“GOOD FOOD
CHANGES
EVERYTHING”**

Victoria Howe
Founder & Director

“

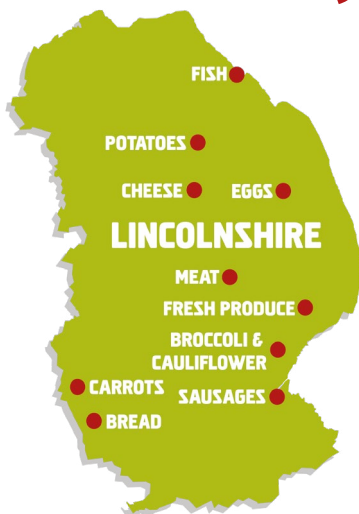

We believe that good food really can change everything for a child. From the fundamentals of good nutrition and fuel, to the enhanced health and social benefits.

*The importance of eating **local food** is also fundamental to local economies and supporting our natural environment and resources. Through our delivery of fresh meals and food education we can set our children on the right path to make the best food choices for sustainable, healthier futures.*

QUALITY

When it comes to quality we focus on using the best ingredients, responsibly sourced.

EDUCATION

We love to work with schools to improve the culture of food education and help children to understand the importance of good food.

ENVIRONMENT

Looking after our planet is incredibly important to us and imperative for future generations, which is why we are fully committed to reducing our carbon footprint.
